• Full Stack Developer (Intern)

- Faculty Availability, Student Registration page Created in MSL Portal: ability to handle scheduling time management features and helps the admin to resister new student.
- REST API for FacultyBatchMapping,Student attendance, E-mail to students Regarding Batches: REST APIs for tracking faculty Batch Mapping and student attendance.
- Unit Testing data encryption role authorization: Implemented testing and encryption protocols for securing local storage data configured role authorization

Octanet

Remote

web developer (Contractual)

Jun2023 - Aug2023

- Socialmedia application(MERN) Clone of existing social medias: Developed a social media application using the MERN stack, replicating features of popular platforms like user profiles, feeds, and interactions.
- Tudo List(React) Enriching React Learning: Developed an interactive and dynamic to-do list application in React for efficient task organization, featuring real-time updates and a user-friendly interface.
- PortFolio(React)- Personal portfolio Page: Designed and developed a personal portfolio website to showcase projects and skills, with a responsive design and smooth navigation.

SKILLS SUMMARY

• Languages: C++, C, JavaScript, SQL, JAVA, Python, HTML

Frameworks: ReactJs, NextJs, Angular, NodeJs, ExpressJs, Spring Boot, TailwindCSS,
Tools: Docker, GIT, MongoDB, MySQL, VS code, Excel, Redis, Figma, Visual Studio

• Platforms: Ubuntu, Windows, AWS

Projects

- AI Mock Interview Application (Next.js, Clerk, Drizzle ORM, Gemini AI): Developed an AI-driven mock interview platform to enhance students' interview skills by simulating real-world scenarios. The platform helps build confidence, provides personalized feedback, and focuses on continuous improvement. It enables students to practice effectively, analyze their performance, and prepare for interviews with increased confidence. (August 2024)
- IMS Educational portal (React, Mysql, Node.js, Express.js, JWT Authentication, Role base Authorization, NodeMailer): Developed an IMS educational portal that integrates various features such as institute management, branches, departments, and courses. It supports batch management, faculty assignments, student admissions, and attendance tracking. The platform also incorporates Authentication role-based authorization to ensure secure access, enhancing efficiency and organization within educational institutions for both faculty and students . (March 2024)
- Realtime-Device-Tracker (Node.js, Express.js, Socket.io, API, EJS): Developed a real-time device tracker that enhances security, efficiency, and resource management by monitoring device locations, reducing fuel consumption, and improving trust and satisfaction in delivery services. (June 2024)
- Hospital Management System (Angular, Spring Boot, Hibernate, MySQL): Created a comprehensive Hospital Management System designed to streamline operations, improve patient care, and enhance administrative efficiency. The system integrates patient registration, appointment scheduling, billing, and medical records management. It empowers healthcare providers with real-time access to critical data, ensuring seamless communication and better decision-making for optimal patient outcomes. (Sep 2024)

EDUCATION

KIET Group of Institutions Delhi-NCR

UttarPradesh, India

Bachelor of Technology - Computer Science and Engineering; GPA: 7.1

Nov 2020 - June 2024

Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases

ACHIEVEMENTS

- Solved 1000+ DSA problems on different platforms, Accomplished 15+ Projects
- Global Rank 58 December Long 2022 Division 3, Global Rank 220 starter 144 div3.
- Lead School House Team in Cricket

CERTIFICATION

Coursera certification (Algorithmic toolbox)

Virtual

Conducted online assignments and lectures in a well-defined structure.

Mar 2022 - Aug 2022

AWS Training and foundation course certification

Virtual

 $Completed\ AWS\ Foundation\ course\ with\ structured\ lectures,\ labs,\ and\ assignments.$

March 2024

Cyber Security session Certicate by UP Police

College Delhi-NCR

Highlighting training in essential cybersecurity practices and protocols.

May 2022
